# Introduction

## Our Mission

We are committed to ensure the success and longevity of independents in the liquor industry, empowering you with the strength and benefits of belonging to Australia's largest member owned liquor co-operative.

**Our members are the key to our success!**

## Our Vision

### **Taking a leadership position**

We challenge ourselves to be the best in everything we do from procurement, marketing, education, logistics, and business excellence

### **Member benefit**

Constantly striving to provide benefits that include shareholding rewards, retail support, co-op structure, independence, Australian-owned and operated, flexibility, innovative technology, art studio, bi-annual conference

### **Mutually beneficial supplier partnerships**

We are continually improving the quality and effectiveness of our partnerships with Suppliers to encourage increased support and investment with the ultimate goal to make our members' business more profitable. To investigate and identify service providers that could benefit from our extensive membership base.

### **Best practice logistics**

To continue to be recognized as the Industry leader in logistics services by seeking to always achieve flexible solution-based outcomes

### **Industry experience**

Democratically elected Board drawn from its shareholder members that leads the business and directs management to achieve strategic and commercial objectives. The business seeks to attract and retain the best available and experienced talent.

## Co-operative Principles

### 1. Voluntary and open membership

Co-operatives are voluntary organisations, open to all persons able to use their services and willing to accept the responsibilities of membership, without gender, social, racial, political or religious discrimination.

### 2. Democratic member control

Co-operatives are democratic organisations controlled by their members, who actively participate in setting their policies and making decisions. Men and women serving as elected representatives are accountable to the membership. In primary co-operatives members have equal voting rights (one member, one vote) and co-operatives at other levels are organised in a democratic manner.

### 3. Member economic participation

Members contribute equitably to, and democratically control, the capital of their co-operative. At least part of that capital is usually the common property of the co-operative. They usually receive limited compensation, if any, on capital subscribed as a condition of membership. Members allocate surpluses for any or all of the following purposes: developing the co-operative, possibly by setting up reserves, part of which at least would be indivisible; benefiting members in proportion to their transactions with the co-operative; and supporting other activities approved by the membership.

### 4. Autonomy and independence

Co-operatives are autonomous, self help organisations controlled by their members. If they enter into agreements with other organisations, including governments, or raise capital from external sources, they do so on terms that ensure democratic control by their members and maintain their co-operative autonomy.

### 5. Education, training and information

Co-operatives provide education and training for their members, elected representatives, managers and employees so they can contribute effectively to the development of their co-operatives. They inform the general public, particularly young people and opinion leaders, about the nature and benefits of co-operation.

### 6. Co-operation among co-operatives

Co-operatives serve their members most effectively and strengthen the co-operative movement by working together through local, national, regional and international structures.

### 7. Concern for the community

While focusing on member needs, co-operatives work for the sustainable development of their communities through policies accepted by their members.

2023 at a glance

## Chairman's Report

I stand before you with a heart full of gratitude and pride as we reflect on the remarkable year that was 2023. On behalf of the Board and management, I extend my warmest congratulations to Mr. Chris Grigoriou for his exceptional leadership during his five-year tenure as the ILG Chairman. Through the challenging times of COVID, he steered us towards consecutive years of growth, leaving an indelible mark on our Cooperative.

It is an honour for me to take the reins as Chairman, having served as Deputy alongside Mr. Grigoriou for five years. The trust and support I've received from the Board and management in this transition are truly heart-warming. I would like to thank my fellow directors, the CEO and the ILG Team for their vote of confidence and I look forward to working with you all for more years of extraordinary growth.

Now, let me share with you the outstanding accomplishments that have propelled us beyond our strategic goals. Our adaptability, resilience, and the continuous support of our members have been pivotal in our success.

### GOALS AND STRATEGIES

Our commitment to the 2022-2024 Strategic Plan remains unwavering. This plan is designed to forge a comprehensive service package that keeps us competitive in the market, ensuring the success and endurance of independent players in the liquor industry. This year, our focus remains on expanding our retail membership base, addressing supply chain challenges, and enhancing our capacity to serve members efficiently.

In line with our e-Commerce strategy, we'll introduce to members a digital wallet mobile application, which aims to increase foot traffic at members' physical and online stores. This innovation will first be trialled at Fleet Street Banner Group before rolling out to Bottlers and Super Cellars later this year.

### GOVERNANCE

Our commitment to whole-organizational governance has led us to engage Mills Oakley Lawyers for a thorough review of our Co-operative Rules. This endeavour aims to harmonize our rules with National Cooperative Law and ensure consistency between ILG Distribution Rules and ILG Suppliers Co-operative Rules where appropriate.

Upon approval at this AGM, our Co-op Rules will stand as a modern governance document, aligned with Cooperative National Law and tailored to our practical needs. Under the ILG Good Governance Project, we've developed key policies to fortify our governance structure in procurement, project management, capital management, work health safety, and stock management.

I extend my acknowledgement and appreciation to our Company Secretary, Susie Zhong, and our dedicated directors for their diligence in driving these governance changes. Special mention goes to Mr. Doug Dalley, who has been appointed to the Audit and Risk Committee following his retirement as an ILG director in October 2022.

I'd also like to acknowledge the invaluable support of our CEO, Paul Esposito, and his executive team in implementing these policies and procedures, leading us towards whole-organization governance.

### **FINANCIALS**

Despite uncertainties and challenges, 2023 stands as a remarkable year for ILG. Led by our CEO, Paul Esposito, our team achieved the strategic goals set for the year while maintaining an outstanding 97% outbound service level to our retail members.

Our sales revenue for 2023 surpassed \$497 million, marking a 20% increase from the previous year, setting yet another record for our Cooperative. Additionally, we paid out \$13 million in member rebates, witnessed growth in equity from \$24.8 million to \$27.9 million, and saw total assets rise to \$148.6 million.

Notably we have significantly subsidised freight costs and financing costs, a total of \$3.4 million. Although it has hindered our profitability, these offerings have helped relieving our members from the increased financial pressure caused by raised inflation and interest rates this year.

I applaud Mr. Esposito and the entire ILG team for their unwavering commitment, resulting in a year of exceptional achievements.

### **SUCCESS IN UNCERTAIN TIMES**

To our valued supplier members, I extend my deepest gratitude for your collaboration and support, especially as you navigate the challenges of global supply chain disruptions, geopolitical tensions, and the ever-evolving landscape of AI, high inflation rates, and environmental, social, and governance issues.

We are extremely grateful to our retail members, your loyalty and contributions to the Co-operative are the bedrock of our success. Your patience, understanding, and resilience embody the spirit of independence in our industry.

On behalf of the Board, I'd like to express my gratitude to all our staff and their families for their steadfast support and growth alongside the Co-operative. Our core values: Commitment, Innovation, Loyalty, Passion, and People, are the pillars upon which our Co-operative stands.

In closing, let us reaffirm our dedication to ensuring the success and longevity of independents in the liquor industry. Together, we empower each other with the strength and benefits of belonging to Australia's largest member-owned liquor Co-operative. Remember, our members are not just independent; we are a family.

Yours Faithfully,

Damien Bottero  
Chairman of the Board

## CEO's Report

Dear Members,

I would like to welcome you to this year's annual report. It has been another outstanding year for ILG, delivering a record year of growth. This year's results continue to highlight the success and momentum ILG has experienced over the last five years. These results are driven by passionate members and staff alike, with a want to build a stronger ILG.

FY23 broke all records; highlighted by a huge uplift in sales revenue, record return to members and record membership. These results have been delivered on the back of a strong strategic plan to futureproof ILG.

### FY23 Highlights

- Sales Revenue increased from \$414M to a record high of \$497M.
- ILG underlying EBIT reported was \$14.6m before member benefits.
- Members benefits paid \$13.025m
- Non-Cash Benefits to members \$4.7m
- ILG welcomed 182 new members
- ILG increased sales revenue by 20%
- Supercellars increased sales revenue by 33%
- Bottler increased sales revenue by 23%
- Fleet Street increased sales revenue by 19%
- NSW increased sales revenue by 16%
- QLD increased sales revenue by 21%
- Victoria increased sales revenue by 33%.

ILG total liquor sales revenue increased by 20% for FY23 and 82% over the last three years. This was driven by improved sales in our on premise channel, growth in our retail banners and new members joining the Cooperative.

The ILG network currently consists of three distribution centers, Townsville and Richlands in Qld, Erskine Park in NSW and a small distribution center in Bacchus Marsh Victoria, with a larger warehouse to be operational in Dandenong in late 2023. The ILG wholesale network currently services 1,544 members/customers. Our tier 1 banners consist of 582 Supercellars stores, 375 Bottler stores and 29 Fleet Street stores.

We continue to invest in digital solutions and e-commerce platforms. To date this has delivered an additional 105,000 orders which represents \$6M in sales. The newly formed digital team has been working on new initiatives such as digital wallets, loyalty programs and designing new banner apps to help boost sales. Our digital wallet is currently in the trial process, and it will be available to all members early 2024.

The growth we have experienced, and the move into Victoria, has resulted in ILG expanding the Trading and Marketing team. We now have a team of ten people focusing on categories and different state programs, as we expand into different markets. The trading team will also focus on expanding our exclusive lines and members own brands, and they will be working with our supplier partners to develop brands to enhance margins and deliver value.

Work continues with the implementation of our ERP and warehouse management systems. The team are in the process of implementing the new members portal which is currently in test mode and will be live for members in October 2023. The finance modules will be implemented in November 2023 followed by the warehouse management systems in early 2024.

The retail pillar continues to provide us opportunities outside of our membership base. We have relaunched Liquorstop Warehouse, which is a B2B online marketplace that provides ILG an opportunity to sell to non ILG customers. It currently operates in NSW and is soon to be launched into Victoria by November 2023.

Looking forward, even with the cost-of-living pressures, I expect momentum to continue, and we will welcome new members to ILG.

It has been another fast-paced successful year, however not without issues. In these difficult times we are not immune from theft or cyber scams. We have introduced changes internally and will continue to look at ways we can reduce the incidence of theft and phishing attacks.

Based on our strategic plan, our focus will be

- Continue to grow our membership base.
- Growth in value and volume.
- Deliver value for our members.
- Grow member benefits and provide better subsidies.
- Provide an e-commerce platform for our members free of charge.
- Expand into other markets.

ILG has been actively involved in fundraising activities with an 'Auction Night' forming part of its annual study tour program since its early inception. This started as merely a means of sharing sponsored giveaways with the opportunity to help the less fortunate.

Over the years, the co-operative has raised close to a \$1MILLION in funds through the generous support and participation of the members. Charities we have helped include the Westmead Children's Hospital, Soldier On, Youth off the Streets, Share the Dignity, to name a few.

To officially formalize this undertaking, the ILG Foundation was incorporated in November last year with the simple mission of giving back to the community. It is a testament of our commitment to ardently live by one of the principles and values of being a co-operative.

I would like to thank my staff for their support, and for their commitment and contribution. I would like to also thank the ILG board for their continued support and the assistance they provide in achieving our goals.

Most of all, I would like to thank the ILG members and supplier members for another record year, together we have achieved almost 'half a billion dollars' in sales!

I am looking forward to what will be another successful year for our Cooperative.

Warm Regards,

Paul Esposito  
Chief Executive Officer

# Member Benefits

## Business Development Workshops

We delivered twenty workshops within six months in the last financial year. Courses run from July to September and resumes in April to June allowing a break over the last and first quarters of the calendar year to make way for the festive trading as well as the much-deserved post festive holidays for members.

Our well attended workshops average fifteen participants, a perfect size for a robust discussion and yet still intimate enough for our facilitator Peter Hall to allow time to listen and grasp their individual objectives.

Retail courses cover all aspects of liquor retailing and ideas generated from dialogue between Peter Hall and the participants themselves. Hospitality courses cover aspects of stock control, margin boosting, expense control and staff management.

Attendees are a mix of new staff who get extremely motivated with the learnings and take outs and current staff who are appreciative of the refresher programs. The workshops conclude with case studies that provide participants the opportunity to put their own skills under the microscope.

These workshops have been keenly sought after so check when they're going to be running and ask your ILG BDE for details.

*"Both my managers are still talking about the training course and the positive attributes that have come from them. I would personally recommend these training seminars to anyone."*

**- Peter Cox, Maclean Cellars**

*"We have used Peter Hall's Manager Mentoring program to improve the professionalism and management skills of one of our key managers. She has worked with Peter over 5 months and the results in her performance are clear to see. This has been brilliant for our business."*

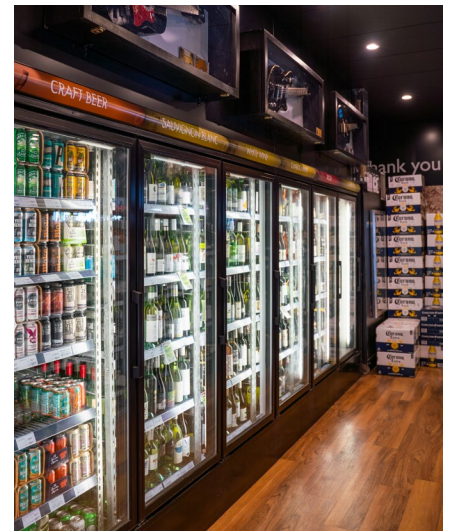

**- Adam Williams, Heathcote Hotel**

## Retail Services Support

Our retail services team has been under the pump with more and more members seeking assistance with improved store layouts and presence.

We are very pleased with the ongoing response to this member benefit. A well-organized store layout ensures shopper satisfaction. As competition in the retail environment gets tougher, your store setting adds to your point of difference and personality and how it appeals to the retail market.

## Let's Get Together Events

2023 saw the ILG Calendar of Events resume in full swing, apart from the QLD Race Day which was cancelled due to venue refurbishments. Members were delighted with the return of the much-missed fact to face gatherings. Nothing compares with the pleasure of a personal engagement that captures instantaneous reaction and feedback.

From our Golf Days to Race Days and the big family reunions in October, ILG does create different platforms where members feel most relaxed connecting with each other. These experiences are what keeps the ILG family bonded, converting business interactions to lasting friendships.

Last year was also our first Study Tour after Covid. The trip to Hobart was a well-received venture within home soil that made the experience more special. An impressive destination right in our own backyard that indisputably stunned over 130 delegates.

We acknowledge the generous support of our Supplier Members who make these occasions a realization.

## Ownership & Security

We take delight in sharing the recent market valuations of the co-operative's distribution centres in NSW and QLD.

Built in 2007 for \$18M, our Erskine Park depot in Sydney has appreciated to \$45.7M.

Purchased in 2015 for \$4.5M, our Townsville depot in Far North Queensland appreciated to \$6.7M.

# Reports

## The Directors' Report

The Directors of The Independent Liquor Group Distribution Co-operative Ltd present their report on the consolidated group (Group), consisting of The Independent Liquor Group Distribution Co-operative Ltd and the group it controlled at the end of, and during, the financial year ended 30 June 2023.

The following persons were directors of The Independent Liquor Group Distribution Co-operative Ltd during the whole of the financial year and continued in office at the date of this report, unless otherwise stated:

Name	Background	Member	Meeting Eligibility	Attended
Mr D Bottero (Chairman)	Business Owner	Pittwater Cellars	12	12
Mr C Grigoriou (Deputy Chairman)	Business Owner	Fairfield West Cellars	12	11
Mr P Cox	Business Owner	Dorrigo Cellars	12	11
Mr S Colosimo	Business Owner	Memento Hospitality	12	10
Mr D Dalley	Business Owner	Mackay Northern Beaches Bowls Club	5	4
Mrs T Hatch	Business Owner	Wellshot Hotel	7	6
Mr R McGhee	Business Owner	Adams Tavern	12	12
Mr S Murphy	Business Owner	Lucky Star Tavern	12	10
Mr R Parekh	Business Owner	Foodworks Lake Cargellico	12	12

### Company Secretary

The Company Secretary of the Co-operative is Susie Zhong.

### Principal activities

The principal activity of the Group during the financial year was the acquisition of liquor and related products from its members for wholesale sale. No significant change in the nature of that activity occurred during the financial year.

The net profit of the Co-operative for the financial year after providing for income tax, amounted to \$5,642 (2022: profit of \$1,195,744). No significant changes in the Group's state of affairs occurred during the financial year.

No information has been disclosed in respect of likely developments in the operations of the Group and the expected results of those operations in subsequent financial years, as in the opinion of the Directors, it would prejudice the interests of the Group to include such information.

### Environmental matters

The Group's operations are not regulated by any significant environmental regulation under the law of the Commonwealth or of a State or Territory.

### Events subsequent to reporting date

No matters or circumstances have arisen since the end of the financial year, which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

### Directors' interest

Since the end of the previous financial year, no Director of the Group has received or become entitled to receive a benefit, other than a benefit included in related party transaction note shown in the accounts or the salary of an employee of the Group or of a related entity, by reason of a contract made by the Group or a related entity with the Director or with a firm of which the director is a member or with an entity in which the director has a substantial financial interest.

### Directors' insurance

The Group has paid premiums to insure each director against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of director of the Group, other than conduct involving a wilful breach of duty in relation to the Group.

**Proceedings on behalf of the Co-operative**

No proceedings have been brought or intervened in on behalf of the Co-operative.

**Indemnity and insurance of auditor**

The Co-operative has not during or since the end of the reporting period, indemnified or agreed to indemnify its auditor, Grant Thornton Audit Pty Limited or any related entity against a liability incurred by the auditor. During the reporting period, the Co-operative has not paid a premium in respect of a contract to insure Grant Thornton Audit Pty Limited or any related entity.

**Auditor's independence**

The lead auditor's independence declaration for the year ended 30 June 2023 has been received as required under section 307C of the Corporations Act 2001 and section 278 of the Co-operatives (Adoption of National Law) Act 2012.

This directors' report is signed in accordance with a resolution of the Board of Directors, pursuant to section 278 of the Cooperatives (Adoption of National Law) Act 2012.

## Independent Auditor's Report

To the Members of The Independent Liquor Group Distribution Co-operative Limited

### Report on the audit of the financial report

#### Opinion

We have audited the consolidated financial report of The Independent Liquor Group Distribution Co-operative Limited ("the Entity") and its subsidiary ("the Group"), which comprises the statement of financial position as at 30 June 2023, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the Directors' declaration.

In our opinion, the accompanying consolidated financial report of The Independent Liquor Group Distribution Co-operative Limited is in accordance with the *Corporations Act 2001* and *Co-operatives National Law (NSW)*, including:

- a. giving a true and fair view of the Group's financial position as at 30 June 2023 and of its performance for the year ended on that date; and
- b. complying with Australian Accounting Standards *AASB 1060 General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities* and the *Corporations Regulations 2001*.

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Entity in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Independent Auditor's Report cont.

### Material uncertainty related to going concern

We draw attention to Note 1(b) in the financial report, which indicates that the Group's cash and cash equivalents and financing requirements, along with other matters as set forth in Note 1(b), indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### Information other than the financial report and auditor's report thereon

The Directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2023 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the financial report

The Directors of the Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standard – *AASB 1060 General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities, Corporations Act 2001* and the *Co-operatives National Law (NSW)*. The Directors' responsibility also includes such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

## Independent Auditor's Report cont.

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate evidence regarding the financial information of the entities or business activities within the Entity to express an opinion on the financial report. We are responsible for the direction, supervision, and performance of the Entity audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Auditor's Independence Declaration

### To the Directors of The Independent Liquor Group Distribution Co-operative Limited

In accordance with the requirements of section 307C of the *Corporations Act 2001*, as lead auditor for the audit of The Independent Liquor Group Distribution Co-operative Limited for the year ended 30 June 2023, I declare that, to the best of my knowledge and belief, there have been:

- a no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b no contraventions of any applicable code of professional conduct in relation to the audit.

In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 ACN 127 556 389 and its Australian subsidiaries and related entities. Liability limited by a scheme approved under Professional Standards Legislation.

## Directors' Declaration

The Directors of The Independent Liquor Group Distribution Co-Operative Ltd (the Co-operative) declare that:

- a) The financial statements of The Independent Liquor Group Distribution Co-Operative Ltd, comprising of the statement of profit or loss and other comprehensive income, statement of financial position, statement of cash flows, statement of changes in equity and accompanying notes, are in accordance with the Co-operatives National Law (NSW) including:
  - (ii) giving a true and fair view of the Co-operative's financial position as at 30 June 2023 and of its performance for the financial year ended on that date; and
  - (iii) complying with Australian Accounting Standards – Simplified Disclosure and the Co-operatives National Law (NSW); and
- b) There are reasonable grounds to believe that The Independent Liquor Group Distribution Co-Operative Ltd will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

# Notes to the Financial Statements

for the year ended 30 June 2023

The Independent Liquor Group Distribution Co-operative Ltd (Distribution) is a Co-operative incorporated in Australia and is domiciled in Australia, ILG Retail Pty Limited is a company limited by shares that is incorporated and domiciled in Australia. The consolidated financial report was authorised for issue in accordance with a resolution of the directors on 27 September 2023. The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

## SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of preparation

The consolidated financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards - Simplified Disclosure as issued by the Australian Accounting Standards Board, other authoritative pronouncements of the Australian Accounting Standards Board and the Co-operatives National Law (NSW) and Regulations.

### (b) Going concern

For the year ended 30 June 2023, ILGD and its subsidiary (the Group) had recorded a profit before tax for the year of \$5,642 and at year end, was in a net asset position of \$1,793,917. At year end this Group's current assets exceeded its current liabilities by \$4,975,523 and this Group's current assets exceeded its current liabilities, by \$16,573,815 excluding its current bank finance facility of \$11,198,292 and \$400,000 loan from The Independent Liquor Group (Suppliers) Co-operative Limited ("Suppliers").

This Group and The Independent Liquor Group (Suppliers) Co-operative Limited ("Suppliers") are dependent upon each other to support their respective working capital positions. At year end for the two entities combined, current assets exceed their combined current liabilities by \$10,097,846 and the combined current assets exceed the combined current liabilities by \$21,296,138 excluding the bank finance facility of \$11,198,292 and excluding all inter co-operative balances.

Both this entity and Suppliers have provided each other letters of financial support indicating they will each provide the other with the necessary financial support to enable the other entity to continue as a going concern and meets its debts and the debts of both combined entities as and when they fall due for a period not less than 12 months from the date of the signing of this financial report (which is dated the same day as Supplier's annual report for the year ended 30 June 2023).

As disclosed in Note 25, the entity has a contingent liability as a result of a legal matter unrelated to trading activities. The Directors consider any potential exposure from the contingency can be managed within existing operating cash flows. Since year end, for the period to 31 August 2023, the unaudited results indicate ILGD as a single entity has recorded a loss of \$613,880 and its working capital deficiency was \$3,268,096 as of 31 August 2023 (unaudited). Combined with Suppliers, as of 31 August 2023, the combined entities had a working capital surplus of \$4,333,273, and the combined entities had an operating loss of \$292,927.

The Directors expect to achieve an operating surplus across the two Co-operatives in FY24. In order to strengthen the overall liquidity position, the Directors will be negotiating with lenders in the next 12 months to review the "Suppliers" and "Distribution's" funding structure and potentially introduce property-backed financing to replace or partially replace the working capital financing (current liability). If required, the Directors will curb discretionary spending to ensure the cash flow of the Co-operative is within its financing facility limits. The bank finance facility limit at 30 June 2023 was \$23m.

The Group has reviewed the relevant conditions and events surrounding its ability to continue as a going concern. Based upon the trading performance, the Directors consider that the Group will continue to operate as a going concern given the Group's ability to maintain a positive financial operating performance. The Group's cash and cash equivalents and financing requirements give rise to a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern.

The financial report has been prepared on a going concern basis, which assumes continuity of normal business activities by the Group and the realisation of its assets and settlement of its liabilities in the ordinary course of business at the amounts stated in this financial report. Should the Group be unable to continue as a going concern it may be required to realise its assets and discharge its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying value amounts of the amounts of liabilities that might result should the Group be unable to continue as a going concern and meet its debts as and when they fall due.

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

### (c) Principles of Consolidation

The consolidated financial report includes the financial position and performance of controlled entities from the date on which control is obtained until the date that control is lost. Intragroup assets, liabilities, equity, income, expenses and cashflows relating to transactions between entities of the group have been eliminated in full for the purpose of these consolidated financial statements. Appropriate adjustments have been made to a controlled entity's financial report where the accounting policies used by that entity were different from those adopted in the consolidated financial statements.

### (d) Adoption of new and revised accounting standards

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

### (e) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash in bank.

### (f) Employee benefits

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave, and long service leave when it is probable that settlement will be required and they are capable of being measured reliably. Provisions made in respect of employee benefits expected to be settled within 12 months, are measured at their nominal values using the remuneration rate plus related on-costs expected to apply at the time of settlement.

Provisions made in respect of employee benefits which are not expected to be settled within 12 months are measured as the present value of the estimated future cash outflows to be made by the group in respect of services provided employees up to reporting date. The expected future payments incorporate anticipated future wage and salary levels, experience of employee departures and periods of service, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that have maturity dates that approximate the timing of the estimated future cash outflows.

### (g) Impairment of assets

At each reporting date, the group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Goodwill, intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually and whenever there is an indication that the asset may be impaired. An impairment of goodwill is not subsequently reversed.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

### (h) Income tax

#### Current tax

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or tax loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

#### Deferred tax

Deferred tax is accounted for using the comprehensive statement of financial position liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items. In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised.

However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial

recognition of assets and liabilities (other than as a result of a business combination) which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the group intends to settle its current tax assets and liabilities on a net basis.

#### Current and deferred tax for the period

Current and deferred tax is recognised as an expense or benefit in the statement of profit and loss, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from the initial accounting for a business combination, in which case it is taken into account in the determination of goodwill or excess.

### (i) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of inventories are determined after deducting rebates and discounts. Net realisable value represents the estimated selling price less all estimated costs necessary to make the sale.

Determining the net realisable value of inventories relies on key assumptions that require the use of management judgement. These assumptions are the variables affecting the expected selling price and are reviewed annually. Any reassessment of the selling price in a particular year will affect the cost of goods sold.

### (j) Leases

#### *The Co-operative as a lessee*

For any new contracts entered into on or after 1 July 2019, the Co-operative considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

To apply this definition the Co-operative assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Co-operative

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

- the Co-operative has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract
- the Co-operative has the right to direct the use of the identified asset throughout the period of use. The Co-operative assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

### *Measurement and recognition of leases as a lessee*

At lease commencement date, the Co-operative recognised a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Co-operative depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Co-operative also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Co-operative measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Co-operative's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero. The Co-operative has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

### **Right of use assets**

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Cooperative expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Co-operative has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

The Co-operative's accounting for leases as a lessor remains largely unchanged under AASB 16. The Co-operative classifies leases as an operating or finance lease based on whether substantially all the risks and rewards are transferred to the lessee.

### **(k) Property, plant and equipment**

Property, plant and equipment is stated at historical cost, including costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, less depreciation and any impairments.

Depreciation on assets is calculated on a straight-line basis over the estimated useful life of the asset as follows:

- Plant and equipment                      3.0 to 13.33 years

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

Gains and losses on disposals are calculated as the difference between the net disposal proceeds and the asset's carrying amount and are included in profit or loss in the year that the item is derecognised.

### **(l) Provisions**

Provisions are recognised when the group has a present obligation, the future sacrifice of economic benefits is probable, and the amount of the provision can be measured reliably. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that recovery will be received and the amount of the receivable can be measured reliably.

### **(m) Revenue recognition**

Revenue arises mainly from the sale of liquor and related products to the group's customers. To determine whether to recognise revenue, the group follows a 5-step process: 1) Identifying the contract with a customer 2) Identifying the performance obligations 3) Determining the transaction price 4) Allocating the transaction price to the performance obligations 5) Recognising revenue when/as performance obligation(s) are satisfied.

Revenue is recognised either at a point in time or over time, when (or as) the group satisfies performance obligations by transferring the promised goods or services to its customers. The group recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities in the statement of financial position. Similarly, if the group satisfies a performance obligation before it receives the consideration, it recognises either a contract

asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

All revenue is stated net of the amount of goods and services tax (GST).

### **Sale of goods**

Revenue from sale of liquor and related products for a fixed price is recognised when the group has transferred control of the assets to the customer. Invoices for goods or services transferred are due upon receipt of goods. Where the transaction price is variable, the group estimates an amount of variable consideration using either the expected value or the most likely amount method to determine the amount of revenue to be recognised. The key variable component on the group's sales is the rebates it provides to its customers.

### **Finance fee**

Finance fees represent charges to customers when they are invoiced for goods supplied, and are recognised as income when invoices are raised for sales.

### **Interest income**

Interest revenue is recognised using the effective interest rate method, which for floating financial assets is the rate inherent to the instrument.

### **Other income**

Other income is income derived from activities unrelated to the main focus of a business.

Management income represent the annual recharge between ILGD & ILGS for the costs of shared key staff members; It also considers Richlands warehouse rental expense.

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

Rental income represents monthly fees collected from renting out warehouse spaces to other third party companies.

Accounting fee represents the fee ILG charges its members for paying their accounts late. ILG invoices this charge monthly at the end of the month.

### **(n) Financial instruments**

#### **Financial assets and liabilities**

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable). For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)
- debt instruments at fair value through other comprehensive income (FVOCI) All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

#### *Impairment of Financial assets*

AASB 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under AASB 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

### **(o) Trade receivables**

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables also include discounts and rebates receivable from suppliers for purchases of inventories. Rebates associated with the purchases of inventory are recorded as a reduction in the cost of inventory on hand until the inventory is sold.

Trade receivables are generally due for settlement within 30 days and therefore are all classified as current. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Co-operative holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method. The Co-operative applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets.

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

### **(p) Trade payables**

Trade and other payables represent liabilities for goods and services provided to the group prior to the year end and which are unpaid. These amounts are unsecured and have payment terms of 30 to 210 days. They are recognised at amortised cost.

### **(q) Borrowings**

Bills of exchange are recorded at an amount equal to the net proceeds, with the premium or discount amortised bills of exchange are recorded at an amount equal to the net proceeds received, with the premium or discount amortised over the period until maturity. Interest expense is recognised on an effective yield basis.

Debentures, bank loans and other loans are recorded at an amount equal to the net proceeds received. Interest expense is recognised on an accrual basis. Ancillary costs incurred in connection with the arrangement of borrowings are deferred and amortised over the period of the borrowing.

All borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months.

### **(r) Good and Services Tax (GST)**

Revenues and expenses are recognised net of GST except where GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

### **(s) Share capital repayable on demand**

Refer to Note 21.

### **(t) Comparative figures**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

### **(u) Goodwill**

Goodwill, representing the excess of the cost of acquisition over the fair value of the identifiable assets, liabilities and contingent liabilities acquired, is recognised as an asset and not amortised, but tested for impairment annually and whenever there is an indication that the goodwill may be impaired. Any impairment is recognised immediately in the statement of profit or loss and is not subsequently reversed.

## Notes to the Financial Statements *(continued)*

for the year ended 30 June 2023

### (v) Critical accounting estimates and judgements

#### Revenue recognition

For sale of goods, revenue is recognised when the goods are delivered as this is the point in time at which the group has transferred control of the assets to the customer, delivered its service and hence satisfied its performance obligations. The group needs to assess when it has transferred control of the assets to the customer. Where the transaction price is variable, the group estimates an amount of variable consideration using either the expected value or the most likely amount method to determine the amount of revenue to be recognised. The transaction price may be varied due to discounts offered to customers. The group may therefore have to use its judgement in determining and applying the variation in the transaction price. This may impact the revenue recognised by the group for sale of goods. For advertising income, the group recognises revenue based on the contracts with the suppliers. The group needs to assess the point at which it is entitled to the rebates and also determine the transaction price which is charged to the suppliers. This price is based on the respective supplier agreement.

#### Impairment

The group assesses impairment at each reporting date by evaluating conditions and events specific to the group that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

#### Provision for impairment of receivables

AASB 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under AASB 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument. In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date. '12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument. The concentration of impairment is limited due to the customer base being large and unrelated. The impairment allowance for trade receivables was \$525,365 at 30 June 2023 (2022: \$554,171).

#### Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the Co-operative estimates it would have to pay a third party to borrow funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

#### Extension options

The Co-operative assesses at lease commencement whether it is reasonably certain to exercise extension options, and where it is reasonably certain, the extension period is included in the lease liability.

### Note 21 – Share capital repayable on demand

	2023 Shares	2023 \$
<b>Share capital</b>		
Ordinary shares		
<i>Fully paid</i>	<b>258,000</b>	<b>258,000</b>

### Movements in ordinary share capital

Date	Details	Number of shares	Issue price	\$
30 June 2021	Closing balance	<b>232,250</b>		<b>232,250</b>
	Shares issued less shares redeemed	5,500	\$1.00	5,500
30 June 2022	Closing balance	<b>237,750</b>		<b>237,750</b>
	Shares issued less shares redeemed	20,250	\$1.00	20,250
30 June 2023	Closing balance	<b>258,000</b>		<b>258,000</b>

The Co-operative's share capital consists of the amount of shares issued to the members by the Co-operative. From time to time, existing members leave the Co-operative and new members join the Co-operative. Members who leave the Co-operative are entitled to have their share capital amounts repaid to them. New members have to buy shares in the Co-operative. The Co-operative's Rules (and the Co-operatives Act) requires that when a member is not presently an active member and has not been an active member at any time during the past three years, the Co-operative must declare the membership of the member cancelled and then has twelve months within which to repay to the former member the amount of the paid up value of the former member's shares. Due to the Co-operative's above obligations, the Co-operative's share capital meets the definition of financial liabilities as per AASB 9: Financial Instruments: and hence the issued paid up capital is classified as a financial liability.

### Note 22 – Accumulated funds

	2023 \$	2022 \$

Later than one year but not later than 5 years	38,667	10,400
Later than 5 years	-	-
	<u>55,367</u>	<u>16,532</u>

## Note 25 – Contingent liabilities

The Co-operative's assets are secured against the \$23m Bank Finance Facility this Co-operative has with the Commonwealth Bank of Australia and the \$5.9m Bank Loan of its sister cooperative, The Independent Liquor Group (Suppliers) Co-operative Limited.

The entity's assets are provided as security for the guarantee from Commonwealth Bank of Australia. The balance guaranteed by Commonwealth Bank of Australia at year end was \$6,050,000 (2022: \$7,030,000).

The securities above are by fixed and floating charge over all their assets and uncalled capital of the cooperative and a mortgage over its land and building.

As indicated in Note 1 (b) the entity and the Independent Liquor Group Distribution Co-operative Ltd have provided each other letters of financial support indicating they will each provide the other with the necessary financial support to enable the other entity to continue as a going concern and meets its debts and the debts of both combined entities as and when they fall due for a period not less than 12 months from the date of the signing of this financial report (which is dated the same day as Distribution's annual financial report for the year ended 30 June 2023).

The Independent Liquor Group Distribution Co-operative Ltd ("Distribution") has a contingent liability as a result of a legal matter unrelated to trading activities. The extent of the contingency is uncertain and maybe material in addition to the amount provided in the financial statements. The contingent liability could potentially be off-set to a degree by a contingent asset, represented by a cross-claim against the other party. Given the commercial nature of the matter, further detail has not been disclosed. The Directors consider any potential exposure from the contingency can be managed within existing operating cash flows.

## Note 26 – Events subsequent to reporting date

No matters or circumstances have arisen since 30 June 2023 that have significantly affected, or may significantly affect the Co-operative's operations.
